

Externally the fall of the Western Roman Empire was hastened by the expansion and migration of the HSIUNG - NU or HUNS, in northwestern Asia.

Defeated in their eastward advance by Chinese armies at the Chinese Wall, they turned westward, and about AD 350 reached the Volga & the OXUS
their pressure forced the

Sarmatians of Russia To move into
the Balkans; the Goths, so harassed
moved again upon the Roman frontiers.

They were admitted across the Danube
& settled in MOESIA (376)
